Steamer A. B. Nickerson arrived at Boston this forenoon with 75 barrels fresh medium mackerel taken on Middle Bank. The fish sold for 15 cents apiece.

The season for tau tog fish ing is now at its height, and **TAUTOG FISHING.** some good catches have been reported of this most toothsome fish. It does not seem to be generally understood by the summer people that this fish furnishes rare sport in the catching, to those who understand the modus operandi of its capture.

It is true that the fisherman who attempts its capture should go prepared to exercise a great deal of patience, and possibly he may get a ducking while standing upon the rocks. But the capture of a five pound specimen with the aid of a slender line and fishing pole is an event to be remembered.

The tautog, or more properly, the black fish, is a true game fish, and once he is hooked, fights hard for his liberty. Once hooked, however, with proper "play" upon the part of the fishermen,
